Jeff Vandermeer

5 Stars Authority by Jeff Vandermeer, book two in the Southern Reach series is a fantastic read. This book is not your typical middle novel as it is a very different book from Annihilation. Vandermeer continues to prove to me what an amazing author that he is, versatile, verbose, and a gift for painting the vivid picture.

Authority (Southern Reach, #2) by Jeff VanderMeer

Authority might be slower paced than Annihilation, but it's still Jeff VanderMeer at the top of his game. The story pins and pricks the reader with some incredibly creepy moments, gradually building the horror up as the novel progresses towards the excellent payoff.

John Rodriguez, the new head of a secret agency tasked to monitor Area X—a lush and remote terrain mysteriously sequestered from civilization—is faced with disturbing truths about himself and the agency he has sworn to serve when the secrets of Area X begin to

File Type PDF Authority Southern Reach 2

Jeff Vandermeer

reveal themselves. Original. 50,000 first printing.

It is winter in Area X, the mysterious wilderness that has defied explanation for thirty years, rebuffing expedition after expedition, refusing to reveal its secrets. As Area X expands, the agency tasked with investigating and overseeing it--the Southern Reach--has collapsed on itself in confusion. Now one last, desperate team crosses the border, determined to reach a remote island that may hold the answers they've been seeking. If they fail, the outer world is in peril. Meanwhile, Acceptance tunnels ever deeper into the circumstances surrounding the creation of Area X--what initiated this unnatural upheaval? Among the many who have tried, who has gotten close to understanding Area X--and who may have been corrupted by it? In this last installment of Jeff VanderMeer's Southern Reach trilogy, the mysteries of Area X may be solved, but their consequences and implications are no less profound--or terrifying.

In time for the holidays, a single-volume hardcover edition that brings together the three volumes of the Southern Reach Trilogy, which were originally published as paperback originals in February, May, and September 2014. Annihilation is the first volume in Jeff VanderMeer's Southern Reach trilogy, Authority is the second, and Acceptance is

Jeff Vandermeer

the third. Area X—a remote and lush terrain—has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; all the members of the second expedition committed suicide; the third expedition died in a hail of gunfire as its members turned on one another; the members of the eleventh expedition returned as shadows of their former selves, and within months of their return, all had died of aggressive cancer. This is the twelfth expedition. Their group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain and collect specimens; to record all their observations, scientific and otherwise, of their surroundings and of one another; and, above all, to avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them, and the secrets the expedition members are keeping from one another, that change everything. After the disastrous twelfth expedition chronicled in *Annihilation*, the Southern Reach—the secret agency that monitors these expeditions—is in disarray. In *Authority*, John Rodriguez, aka "Control," is the team's newly appointed

File Type PDF Authority Southern Reach 2

Jeff Vandermeer

head. From a series of interrogations, a cache of hidden notes, and hours of profoundly troubling video footage, the secrets of Area X begin to reveal themselves—and what they expose pushes Control to confront disturbing truths about both himself and the agency he's promised to serve. And the consequences will spread much further than that. It is winter in Area X in Acceptance. A new team embarks across the border on a mission to find a member of a previous expedition who may have been left behind. As they press deeper into the unknown—navigating new terrain and new challenges—the threat to the outside world becomes more daunting. The mysteries of Area X may have been solved, but their consequences and implications are no less profound—or terrifying.

The Southern Reach Trilogy begins with this Nebula Award-winning novel that "reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world" (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned

as shadows of their former selves, and within weeks, all had died of cancer. In *Annihilation*, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

From the author of *Borne* and *Annihilation* comes the one-volume hardcover reissue of his cult classic *Ambergris Trilogy*. Before Area X, there was *Ambergris*. Jeff VanderMeer conceived what would become his first cult classic series of speculative works: the *Ambergris Trilogy*. Now, for the first time ever, the story of the sprawling metropolis of *Ambergris* is collected into a single volume, including *City of Saints and Madmen*, *Shriek: An Afterword*, and *Finch*.

Presents twenty-nine short fantasy stories published by American authors in 2006, featuring such authors as Kelly Link, Tony

File Type PDF Authority Southern Reach 2 Jeff Vandermeer

D'Souza, and Peter LaSalle.

A 2020 LOCUS AWARD FINALIST Jeff VanderMeer's *Dead Astronauts* presents a City with no name of its own where, in the shadow of the all-powerful Company, lives human and otherwise converge in terrifying and miraculous ways. At stake: the fate of the future, the fate of Earth—all the Earths. A messianic blue fox who slips through warrens of time and space on a mysterious mission. A homeless woman haunted by a demon who finds the key to all things in a strange journal. A giant leviathan of a fish, centuries old, who hides a secret, remembering a past that may not be its own. Three ragtag rebels waging an endless war for the fate of the world against an all-powerful corporation. A raving madman who wanders the desert lost in the past, haunted by his own creation: an invisible monster whose name he has forgotten and whose purpose remains hidden.

In *City of Saints and Madmen*, Jeff VanderMeer has reinvented the literature of the fantastic. You hold in your hands an invitation to a place unlike any you've ever visited—an invitation delivered by one of our most audacious and astonishing literary magicians. City of elegance and squalor. Of religious fervor and wanton lusts. And everywhere, on the walls of courtyards and churches, an incandescent fungus of mysterious and ominous origin. In *Ambergris*,

File Type PDF Authority Southern Reach 2

Jeff Vandermeer

a would-be suitor discovers that a sunlit street can become a killing ground in the blink of an eye. An artist receives an invitation to a beheading—and finds himself enchanted. And a patient in a mental institution is convinced he's made up a city called Ambergris, imagined its every last detail, and that he's really from a place called Chicago.... By turns sensuous and terrifying, filled with exotica and eroticism, this interwoven collection of stories, histories, and "eyewitness" reports invokes a universe within a puzzlebox where you can lose—and find-yourself again. From the Trade Paperback edition.

A Peculiar Peril is a head-spinning epic about three friends on a quest to protect the world from a threat as unknowable as it is terrifying, from the Nebula Award-winning and New York Times bestselling author of Annihilation, Jeff VanderMeer. Jonathan Lambshead stands to inherit his deceased grandfather's overstuffed mansion—a veritable cabinet of curiosities—once he and two schoolmates catalog its contents. But the three soon discover that the house is filled with far more than just oddities: It holds clues linking to an alt-Earth called Aurora, where the notorious English occultist Aleister Crowley has stormed back to life on a magic-fueled rampage across a surreal, through-the-looking-glass version of Europe replete with talking animals (and

File Type PDF Authority Southern Reach 2 Jeff Vandermeer

vegetables). Swept into encounters with allies more unpredictable than enemies, Jonathan pieces together his destiny as a member of a secret society devoted to keeping our world separate from Aurora. But as the ground shifts and allegiances change with every step, he and his friends sink ever deeper into a deadly pursuit of the profound evil that is also chasing after them.

In a novel that combines history and fantasy, the author explores the Vorrh, a vast forest at the edge of Essenwald, a colonial city in a parallel Africa. Original.
